TELEPHONE NO / CELL	084 399 9933
FAX NO.	N/A
<p style="text-align: center;"><u>ISSUE / TOPIC</u></p> <p>We request that our Sub-Council, from its premises, again distributes home composting containers, free of charge.</p> <p>From the City's media announcement on 28 April 2022 where the intention of the Western Cape Government is to reduce by 50% the organic waste from reaching the landfill sites, we need these containers in order to do home composting. Where it was an option before, we see that we may be required to do our part in reducing the landfill mass.</p> <p>We understand that organic waste produces carbon dioxide and methane, which need to be reduced. Also, that compost can nourish our soil.</p> <p>Currently, the City's Waste Management is delivering to businesses that generate food waste only. We request that this be expanded to our homes as well.</p>
